Model for Improvement

What are we trying to accomplish?

How will we know that a change is an improvement?

What change can we make that will result in improvement?

## ACT

Refinements

Next steps:

- -Increase the size of the test
- -Build on successful strategies
- -Broaden the circle of support and participation

Monitor over time for progress toward aim

PLAN

What change are we testing?
Who is included in the test?
When are we testing?
What do you expect will happen?

Process Measure
- -Improvement will impact the outcome

Outcome Measure
- -Is the change helping to achieve the aim?

What data are we already collecting?

What other data do we need?

What is our plan?
